

IMPORTANT

Roof and frame are delivered separately in order to avoid shipping damage. The first set-up requires to fasten the roof to the frame. Once top is permanently fastened, you do not need to remove it.

HOW TO INSTALL THE ROOF

Take your Vitabri frame and place it in the center of the set-up area.
With partner on opposite side, seize the legs and spread them
Unfold the top and place it over the partially opened frame
Match the 4 corners of the frame and attach the canopy velcro strips to each corner
To secure the frame, also attach valence velcro strips to the junction pieces of the frame

HOW TO SET UP YOUR VITABRI CANOPY

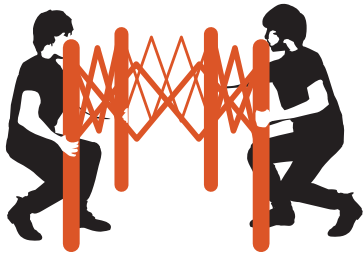

Vitabri canopies are easy to set up with 2 persons.

- To lock the frame, push up the slider with one hand while holding down the top of the leg with the other hand. Repeat at all 4 corners.

- Take your Vitabri Canopy and place it in the center of the set-up area.

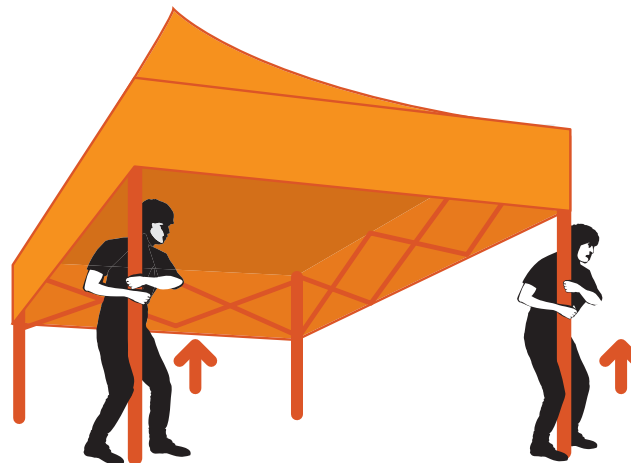

- With partner on opposite side, seize the legs and spread them.

- Grab the bottom of the central truss bar (as shown on the picture). Raise and move backwards simultaneously until the frame is almost fully extended. Your vitabri canopy spreads by itself. **Be careful not to pinch fingers or hands!**

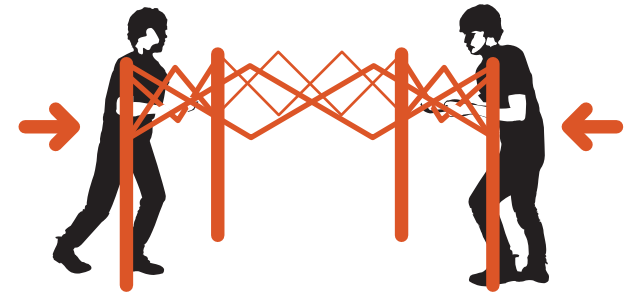

- With partner on adjacent leg, lift up each leg to slide out the inner leg until it locks. Repeat on opposite side. Always do 2 legs at a time.

HOW TO TAKE IT DOWN

- With partner on the adjacent side, pull down simultaneously by releasing the locking system. Repeat on opposite side. Always do 2 legs at a time.
- Release the 4 corners sliders by disengaging the locking button.

- With partner on opposite side, grab the bottom of the central truss bar and move forwards to fold the Vitabri Canopy until it is closed. With each partner seizing 2 legs, bring them closer to fully fold it.

Be careful not to pinch fingers or hands!
